

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Consider Awarding Abandoned Vehicle Towing Franchise

MEETING DATE: June 7, 1995

PREPARED BY: Community Development Director

RECOMMENDED ACTION: That the City Council consider awarding the Abandoned Vehicle Towing Franchise to Stubbs Pro Tow.

BACKGROUND INFORMATION: For the last several years the towing of vehicles pursuant to Lodi Municipal Code Section 10.56.020 (i.e. removal from private property) has been subject to an exclusive franchise agreement with Stubbs Pro Tow. This exclusive franchise was needed for several reasons. First, when salvage prices were low it would be difficult to find a towing company willing to pick up and dispose of junk autos at no cost to the City. Second, when the various vendors were busy there would be long delays before the vehicles were removed. Third, when the vehicles to be picked up were of little or no value, it would be difficult to find a company willing to tow the vehicle away and dispose of it. Stubbs has performed this service no matter what the situation and always in a timely manner.

Currently, there are several companies interested in providing this service to the City. The Police Chief and Community Development Director believe that the award should go to Stubbs Pro Tow because (1) the company has an outstanding track record with the City; (2) Stubbs has a large variety of towing equipment which is essential in abandoned automobile removal; and (3) the Company is also a Licensed Automobile Dismantler which is an advantage to the City.

FUNDING: Not applicable.

To whom it may concern:

We would like to propose to the City of Lodi that Plummer Towing will remove all abandoned cars, wrecked or otherwise, at no cost to the city.

Plummer Towing would be willing to do this on an exclusive contract with the City and Plummer Towing, or on a rotation basis with other companies, under the city's direction.

We will pick these vehicles up in an expediant manner, as outlined in the contract, or by whatever terms the City of Lodi proposes. These vehicles will be held in our yard the legal lenght of time, as dictated by the California Vehicle Code (CVC), and then they will be disposed of to a licensed auto dismantler.

Plummer Towing is bidding this contract, noting that we protest in the contract that the towing company be a "duly licensed auto dismantler to tow under contract." Under the CVC, we understand that all abandoned vehicles have to go to a licensed auto dismantler or scrap iron dealer to be disposed of, after the legal waiting period.

We also protest to the wording of "all wrecked vehicles within the city limits on public and private property."

We welcome the opportunity to obtain this contract with the City of Lodi.

Thank you for your consideration,

Terry L Blehm
Manager

Subject: LETTER OF APPRECIATION

Just wanted to send you this letter to thank you for providing the SWAT team with the car on 072193. The use of this vehicle provided us with some excellent training that we would not of other wise had. It is comforting to learn the strengths and limitations of our equipment prior to having to use it in a live situation. The SWAT team has came to you on several occasions to borrow equipment or request your services. Each time you have come through with the needed service and we do appreciate your continued support.

Thanks again

Dear Gary:

I want to take this opportunity to thank you for the support you have given to me and the Lodi Police Department K-9 unit. When we needed cars for our K-9 trials, you didn't hesitate to provide us with an assortment of vehicles.. You have also provided Dusty and I the use of your storage yard to continue our training on an on-going basis. When we needed the use of cars for the certification of patrol dog's at Lodi Lake, once again you met our needs. Your cooperation is greatly appreciated and certainly contributes to our success.

Yours truly:

To Whom It May Concern:

Stubb's Towing has been providing Lodi Fire Department with cars for our auto extrication training for over 10 years.

These vehicle have been used for auto extrication training for our recruit academy as well as annual training for all members of the department. This training has enabled us to be more proficient in extricating trapped victims in vehicle crashes. Stubb's Towing has provided us with a variety of makes and models. This allows us to train on the construction features that are unique to certain brands of vehicles.

Stubb's Towing has always been willing to provide us with these vehicles. They deliver and remove these vehicles to our drill ground at no cost to the City.

This service has been greatly appreciated by the Lodi Fire Department administration.

Dear Mr. Guthrie:

I want to take this opportunity to thank you for all the vehicles that you have provided for our auto extrication training drills.

Your willingness to deliver and pick up those vehicles at no cost to the fire district is greatly appreciated. Without your assistance in this area of fire department training, our skills in extricating accident victims would be substantially reduced.

Thank you again for your assistance to the Fire District.

Dear Gary;

To many times things get away from us, this was one of those times. I was reviewing our training records and found were your company has repeatedly assisted Mokelumne Rural Fire District with vehicles at no charge for the purpose of extrication training.

As you know a large part of our responses are to motor vehicle accidents, a great deal of training and skills must go into the removal of an injured victim from a car when is bent, broken and entangled around them.

With your assistance you have added us in the ability to prevent any future injuries and possible life loss. Your support has not only helped Mokelumne Rural Fire District but the community we live and serve in. Thank you very much and thank all of your people for a job well done.

Dear Gary,

On behalf of the Old Lodi Union High School Site Foundation, I would like to thank you for your generous donation of a pick up truck. The 1987 Toyota pick up is blue book valued at \$5,300 and has been detailed out with the Hutchins Street Square logo and is now being used daily at the community center.

Your contribution was unique and we featured it in a recent edition of our Square News bulletin which reaches over 30,000 households in the greater Lodi area. My personal thanks to you for acknowledging our need; both you and your family have been long time supporters of the development of the community center and we thank you for your personal interest.

Christmas dreams do come true and our heartfelt thanks to Gary Guthrie, owner of Stubbs Pro Tow for donating a 1987 Toyota pickup truck to Hutchins Street Square.

Guthrie responded to a plea made in the December issue of The Square News for a pickup that could be used on site and around town. The grey pickup will have our logo painted on the doors and should be on the streets within a matter of weeks.

Accepting the donation at the Square were board members Evelyn Olson, Daphne Felde, Senior Advisor

Frank Johnson, Julia Gillespie, Norman King, Bruce Burlington and Senior Advisor Oneta Lange.

Old LUHS Site Foundation Board Chairman Dennis G. Bennett commented, "this contribution by the Guthrie's is a significant effort and we appreciate the support – individuals truly do make the difference in our success and continued growth of Hutchins Street Square."

Guthrie and his family have long been involved with the Square as donors and volunteers for the annual Field and Fair Day event.
